

Year 2 Homework Grid – Autumn Term 1

During the course of this half term, please complete the tasks on the grid below and record your learning in your homework book. You no longer need to bring in your homework book each week, instead we are asking you to bring in all the activities you have completed on Wednesday 14th October to show and share your home learning with your class teacher and peers.

You can choose the order you complete the tasks in and how you show your learning. We recommend perhaps doing one task each week, little and often. All of the tasks set are linked to learning in class.

Subject	Learning Task		Completed
Maths		Money around the world Find out about the different money (currencies) used in different countries around the world e.g. <i>What is it called? What does it look like?</i>	
Writing		Diary entry Write a diary entry from someone living in a hot or cold country.	
Reading		Cities around the world Read a story set in a capital city. Talk to your grown up about the story; did you like the story? Why? Who were your favourite characters? Why? Would you like to visit that city in the future?	
Art		Colour wheel Create a simple colour wheel showing primary and secondary colours.	

Subject	Learning Task	Completed
Geography	 Make a fact file Choose one continent and research capital cities, animals, landmarks, climate, famous foods	
History	 Significant people Research a famous explorer or historical figure linked to a continent.	
Computing	 Make a digital postcard on Purple Mash Open 2Create a Story Pretend you are visiting a hot or cold country Write a short postcard Add a picture Read it to someone at home	
Science	 Material choices Explain which materials would be best for clothing in hot or cold countries and why.
